

KaizenRhino Solutions International Consultancy

To demonstrate how Community Prosperity will be increased through one example, the Pilot will use an individual owned Space theme Community Prosperity account model that is multigenerational by design (Prenatal to Bequeath) combination of a savings account and a dividend stock account plus every account owner will have an opportunity to apply maximum effort to reduce waste and inefficiency within their reach.

Overall, this Pilot seeks to identify and use AI-Blockchain-STO-5G and WiFi6 tools that can maximize a reduction in government costs and expenditures while providing Excellent service. Seesaw = 10 advance

1. Each saving account's permanent minimum goal will be \$260.00 = 260 miles is the distance between the **I 25 - I 10 Space Corridor** "Spaceport" in Truth or Consequence NM and the "Blue Origin" launch site in Van Horn, TX via the scenic route.
2. Each dividend stock account's permanent minimum goal will be \$6,300.00 the end goal is \$63,000.00 = 63 miles is above every definition of the **Karman Line**, so it should officially qualify this account as the caboose in the **Galactic Financial Train** that operates on the **Karman Line**.
3. * what if this model was adopted 17 years ago when Spaceport was built, for illustration of potential purpose *

For Financial Literacy purposes, the Harriet Tubman-inspired **Galactic Financial Train** two infinity wealth-producing engines are Compound Interest and E Math Constant.

1st car = Sunday traditional savings account

2nd car = Monday a checking account

3rd car = Tuesday Investment portfolio

4th car = Wednesday Insurance accounts

5th car = Thursday Collectibles owned

6th car = Friday Debt owed

7th car = Saturday the Caboose with cupola (5-slots), named GPIA-DIV, is the focus of the Community Prosperity Pilot, it produces Free market-based supplemental income.

GPIA-DIV primary model is a Rhino with 5 slots

Our motto is Build Right Build Once Build Up over time. The Community Prosperity evidence-based impact picture will be a clear economic gardening example in every county, ideally involving every individual-nonprofit and certain government agencies by 2026.

Note: Maximum statewide participation can be achieved in **Warp Speed**, plus accounts in this Pilot will not be built using Tax or Debt funding. Our silent partners for the savings account is credit unions and for dividend stock account is the Transfer Agent Computershare and Public app. The Pilot stocks are A. Microsoft B. Walmart C. Waste Management D. AT&T E. Chevron. An Asset Ownership Standard is key Foundation.
